ADDITIONAL INFORMATION ABOUT BLUE OPTIONS 1-2-3

Benefit Period

The period of time, usually 12 months as stated in the group contract, during which charges for covered services provided to a member must be incurred in order to be eligible for payment by Blue Cross NC. A charge shall be considered incurred on the date the service or supply was provided to a member.

Allowed Amount

The maximum amount that Blue Cross NC determines is to be paid for covered services provided to a member.

Out-of-Pocket Limit

The dollar amount you pay for covered services in a benefit period before Blue Cross NC pays 100% of covered services. It includes deductible, coinsurance and copayments. It does not include charges over the allowed amount, premiums, and charges for non-covered services.

Utilization Management

To make sure you have access to high quality, cost-effective health care, we manage utilization through a variety of programs including certification, transplant management, concurrent and retrospective review. If you have a concern regarding the final determination of your care, you have the right to appeal the decision. For further information about our Utilization Management programs, please refer to your benefit booklet.

Certification

Certification is a program designed to make sure that your care is given in a cost effective setting and efficient manner.

If you need to be hospitalized, you must obtain certification. Non-emergency and non-maternity hospital admissions must be certified prior to the hospitalization. If the admission is not certified, the claim will be denied.

For maternity admissions, your provider is not required to obtain certification from Blue Cross NC for prescribing a length of stay up to 48 hours for a normal vaginal delivery, or up to 96 hours for delivery by cesarean section. You or your provider must request certification for coverage for additional days, which will be given by Blue Cross NC, if medically necessary.

All inpatient and certain outpatient Mental Health and Substance Use Disorder services and all Adaptive Behavior Treatment must be certified in advance by Blue Cross NC or services will not be covered. Call Blue Cross NC at 1-800-359-2422. Mental Health and Substance Use Disorder office visits do not require certification.

In-network providers in North Carolina are responsible for obtaining certifications. The member will bear no financial penalties if the in-network provider in North Carolina fails to obtain the appropriate authorization. The member is responsible for obtaining certification for services rendered by an out-of-network provider in North Carolina or by any provider outside of North Carolina.

Health and Wellness Program

Because we want to help you stay healthy, we offer a variety of wellness benefits and services. You can take advantage of the Health Line Blue, our 24-hour free nurse support line, a health topics library, chronic condition management and a prenatal program. You will also have access to online health and wellness tools and trackers at BlueConnectNC.com. With our program you can get health advice anytime you need it, so you can learn how to take charge of your health.

What is Not Covered?

The following are summaries of some of the coverage restrictions. A full explanation and listing of restrictions will be found in your benefit booklet.

Your health benefit plan does not cover services, supplies, drugs or charges that are:

- Not medically necessary
- For injury or illness resulting from an act of war
- For personal hygiene and convenience items
- For inpatient admissions that are primarily for diagnostic studies
- For palliative or cosmetic foot care
- For investigative or experimental purposes
- For hearing aids or tinnitus maskers, except as specifically covered by the benefit plan
- For cosmetic services or cosmetic surgery
- For custodial care, domiciliary care or rest cures
- For treatment of obesity, except for surgical treatment of morbid obesity, or as specifically covered by your health benefit plan
- For reversal of sterilization
- For treatment of sexual dysfunction not related to organic disease
- For assisted reproductive technologies as defined by the Centers for Disease Control and Prevention
- For self-injectable drugs in the provider's office
- Weight Loss Drugs

Embedded Deductible Definition

Members must meet their individual deductible before benefits are payable under the health benefit plan. However, once the family deductible is met, all covered family members will be in benefit. Any member who meets their individual Out-Of-Pocket Limit will have the benefit levels apply to them only and not the entire family. However, once the family Out-Of-Pocket Limit is met, the benefit levels will apply to the entire family.
